

Better Health Begins Today

Your health is our priority.

Enroll in our text platform to receive timely health and prescription text messages

Shipment notifications, refill reminders, patient education & surveys, healthcare alerts and more will be sent right to your phone. Your Patient Care Advocate can help you enroll.

Your medications right to your door

Your medications will be shipped via next-day air or standard delivery.

Getting your next prescription delivered

When the time is right, we'll contact you to find out how your treatment is going, answer any questions and schedule your next refill.

Help is a phone call away

You will be assigned a Patient Care Advocate who is here to help you understand your therapy, develop good medication-taking habits and apply for financial assistance programs as needed.

Pharmacists are available around-the-clock

Our board-certified clinical pharmacists are available 24/7/365 days a year for any questions and to help you better understand your disease and prescription medications.

Patient Management Program

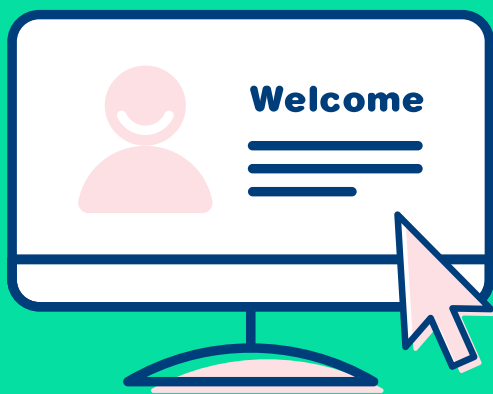

As a HealthDyne Specialty Pharmacy patient, you're automatically enrolled in our Patient Management Program. This program helps you get the most value from your therapy by:

- Providing disease education & progression monitoring
- Minimizing medication side effects
- Fostering medication adherence through a customized care plan
- Collaborating with your healthcare providers to ensure comprehensive care
- Offering tips for managing your disease

Please make sure that we have the most current information about your disease, medications, allergies and medical tests on file to ensure we're providing optimal care. If you decide not to participate in the Patient Management Program, contact us.

Better Health Starts with Understanding Your Prescriptions

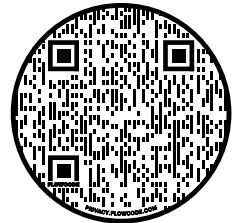

Digital tools make it easy for you

- Use our Patient Portal* to find information about your prescriptions, orders and more.

Additional Materials

To view more Welcome Kit documents, including acknowledgment forms and information about medication disposal and infection control, visit www.HealthDyneSpecialty.com/WelcomeKit.

Patient Portal: wellview.welldyne.com

*While many of our patients access the Patient Portal via wellview.welldyne.com, some may access the portal through their employer's intranet, benefits site or wellview.healthdyne.com. Additionally, some insurance plans may not be set up for patients to use the patient portal. Please contact your Patient Care Advocate for more information or for assistance.
